Voting Started On Exes Queen

Voting is now underway to select the Ex-student Homni Queen to be crowned during the halftime activities of the annual Homecoming game here with Post Saturday, Sept. 19.

Former students and teachers are casting their vote as they return their registration.

See page four for brief biographical sketch of the queen candidates.

to the Ex-student Association Balloting will close at 2 p.m. Sept. 19.

The high school Homecoming Queen will be selected from four nominees from the senior class. They are: Margaret Turner, Carolyn Reynolds, Barbara Graham and Nancy Ford. They too will be crowned during halftime.

The parade Saturday morning will feature floats and en-

tries from many businesses, clubs and school organizations as well as individual entries. The youngsters will be included in many of the wearing the "Piper" costume.

Mrs. Robert Fowler and Mrs. Jarland Preston, chairmen for the parade, said this week anyone wishing to have their child in the parade as a Piper could contact them for costume instructions.

Prizes will be given in two divisions for the entries made by high school organizations. The school groups may compete in the beauty division or the open division for the following prizes: first, \$30; second \$20; third, \$15; and fourth, \$10.

The businesses, clubs and individual entries will also be in two divisions, beauty and open. The BCD is giving \$100 for prizes to encourage participation in the parade. The prizes in each division will be \$25 for first, \$15 for second and \$10 for third.

Homecoming activities this year include a bonfire and pep rally at the football stadium Friday evening, Sept. 18, at 8 p.m.

The parade will be held downtown Saturday, Sept. 19, at 11 a.m. Lunch will be served from 11:30 to 1:30 p.m. in the high school gymnasium catered by Jack's Steak House of Anson. Adult plates will be \$1.25 and the children's plates will be 75c.

The evening meal also will be served at the gymnasium from 5:30 to 6:30 p.m. by the same catering service and the same price.

The Hamlin Pipers will meet the Post Antelopes at 8 p.m. A coffee will be held following the game in the gymnasium.

Adult Typing Class May Start Here

An effort is being made to organize an adult typing class by the Hamlin School, according to Miss Dora Mitchell typing instructor.

Several people have shown interest in such a class and if enough people will contact the school expressing a desire for such a class it will be started. Miss Mitchell said that it would probably be held on Monday night of each week.

HOSPITAL NOTES

Patients in the local hospital

Wednesday were:
Mrs. J. T. Weaver
Mrs. M. T. York
Bob Kneer

Top-Notch Entertainers Coming To West Texas Fair Next Week

ABILENE — Aerial circus, performers, comedians, a top stage band, and an array of recording singing stars will perform at the free Midway Shows twice daily at the West Texas Fair in Abilene, September 14-19.

Eddy Arnold, "The Tennessee Plowboy," Roger Miller, "The Dang Me" boy, and Johnny Tillotson, star recording vocalist, are just three of the top-notch entertainers coming to the Fair.

The 96th Strategic Aerospace Wing at Dyess Air Force Base in Abilene is sponsoring the famed U. S. Air Force Bagpipe Band for performances on Sept. 17, 18, and 19, and the Golden Knights, U. S. Army Parachute Team from Fort Bragg, North Carolina, will perform Sept. 18-19.

Total premiums offered by the West Texas Fair are upwards of \$28,000 in the various departments which include agriculture and horticulture, livestock, horse shows, woman's displays, youth departments, and special events which include a tractor driving contest, newspaper throwing contest, old fiddlers' contest, and kids' pet show.

Bill Hames Shows with new rides and the world-famed Rudi Berg, the high-wire king, who walks blind-folded up an incline cable 100 feet and over Fair goers heads, offers thrills and fun for all.

Free school day tickets have been mailed to Supt. C. F. Cook for Hamlin school boys and girls by Fair President Jimmy Lauderdale, for Tuesday Sept. 15.

Hamlin's entry in the Official Sweetheart contest of the Fair is Miss Anna Adams, daughter of Mr. and Mrs. J. D. Adams, sponsored by Hamlin FFA Chapter.

Lecil Robert Woodruff, son of R. L. Woodruff of Hamlin is among the more than 130 students to preregister for the fall semester at Cisco Junior College.

Weldon Estes, son of Walter Estes of Sylvester is among the more than 130 students to preregister for the fall semester at Cisco Junior College.

Larry Gene Butler, son of Mr. and Mrs. C. E. Butler of Hamlin is among the more than 130 students to preregister for the fall semester at Cisco Junior College.

METER CONNECTIONS:

Willis Page --- East of Hamlin.
Ramon R. Castillo --- North-east of City.
Mrs. O. C. Houghton --- 851 S. E. Ave. C.

Jimmy F. Haight, son of A. F. Haight of Hamlin is among the more than 130 students to preregister for the fall semester at Cisco Junior College.

PIPER PATTERN—

HHS Classes Elect Officers

by Nancy Ford
Carolyn Reynolds
Marolyn Reynolds

What's in a name? Various students of Hamlin High School are being called by new names after class meetings last Tuesday. Carolyn Lowrey and Johnny Overman, for instance, are now senior class favorites, with Mary Lois Patterson and Mary Margaret Turner bearing the names of Ladies-in-waiting. Boasting the name of Senior Piper Queen nominee is Barbara Graham.

Mike Smith is now being called junior class president, Mike Rountree, vice president; Judy Jenkins, secretary treasurer; and Jimmy Hawkins, reporter. Scotty Brown and Donna Compton are the junior class favorites with Shiela Stone and Jan Albritton being the ladies-in-waiting. Cynthia Stevens is the junior Piper Queen nominee.

Leading the Sophomore class are: president, Bobby Moore; vice president, Margaret Ann Johnson; secretary, Vicki Newland; treasurer, Alice June Hill; and reporter, Helen Moore.

Pipers Journey to Olney Friday for Second Win

Competition is expected to get rougher this week as the Pipers journey to Olney for their second start of the season. While the Pipers were busy overcoming their mistakes last week in defeating Rotan, Olney was upsetting highly regarded Albany, 20-15.

Kickoff time for the game will be 8 p.m. Superintendent C. F. Cook announced this week that there would not be any reserved seats for the game, but that the visitors stands at Olney would seat 1200.

Star of the Olney team is Pinkie Palmer, a boy being boomed for all-state fullback honors. Palmer weighs 195 pounds and runs the 100 in 10.4. He plays corner man on defense and is highly rated in that position, too.

Scouting reports here indicate that Olney is not a big

team but they do have uniform size with most of their boys in the 185 pound range.

They run from the straight T, using split ends and flankers part of the time. Reports here show that they have a

strong backfield and like to run power plays, especially with Palmer off tackle. They can pass with halfback Pearce being their top receiver.

Probable starters for Olney will be: left end, Adams, 185 pounds; left tackle, McBride, 185 pounds; left guard, Mullins, 185 pounds; center, Farmer, 184 pounds; right guard, Thompson, 175 pounds; right tackle, Mendley, 185 pounds; right end, Lisle, 160 pounds; quarterback, Tomlinson, 170 pounds; left halfback Wood, 170 pounds; right halfback, Pearce, 160 pounds; and fullback, Palmer.

Mullins and Mendley are rated their best linemen. On defense, Menden, Mullins, Wood, Farmer and Palmer, are rated tough by Hamlin's coaches.

Tomlinson runs and throws well from the quarterback spot.

In giving his scouting report to the Booster Club Tuesday night Coach Jerry Larned told the group that Olney was real tough but they were not unbeatable, Larned said. "If we can throw on them we can beat them."

It was reported at the Booster meeting that the organization now has about 200 members this year.

P-TA Membership Drive Planned for Sept. 11 Through 18

The faculty of the Hamlin Public Schools were introduced at the Thursday night meeting of the Elementary Parent-Teachers Association in the primary cafeteria.

Mrs. Royce Womack sang three semi-classical numbers for the entertainment portion of the program.

Mrs. W. T. Johnson was recipient of the past president's pin. Marvin Carlton, principal of Hamlin Junior High School made the presentation.

Refreshments were served during the visitation period.

The membership drive will be held Sept. 11 through Sept. 18.

Boy Scouts to Run Service Station Here Saturday

The Boy Scouts of Troop 4 will have a Benefit Day at Burt Oliver's Service Station Saturday with the profit from all gasoline sales going to the Troop.

The Scouts will man the pumps and take care of the extra services to the customers.

'B' TEAM

The Freshmen and "B" team will play Colorado City there tonight (Thursday). Freshmen will begin at 6:00 and the "B" team game will follow.

Enrollment is Up Here From Last Year; Cook

More than one thousand students are enrolled in the five public schools here according to C. F. Cook, superintendent. The total enrollment of all schools is 1065 as compared to 1053 enrolled the first week in 1963.

The primary students number 241. There were 231 students for the same period last year.

The elementary building enrollment is up with 155 contracted with 133 last year.

Junior high school is down with 233 from 246 last year. High school is up with 266 over 256 last year.

Total enrollment in the four schools for the first week is now 895 as compared to 866 for last year.

Oscar DePriest School reports a total of 170 students which is less than the students in 1963. In grades 1 through six at DePriest there are 104 students. The total number of high school students is 66.

Enrollment by grades in the other schools is as follows: first, 78; second, 88; third, 75; fourth, 79; fifth, 76; sixth, 74; seventh, 83; eighth, 76; ninth, 77; tenth, 66; eleventh, 69; twelfth, 54.

Piper Annual Staff To Start Ad Sales

The Piper staff has set its advertising campaign for the 1965 Piper to begin today, Sept. 10 continuing through Sept. 25. Posters will be placed in all stores that will advertise in the coming yearbook.

Members of the Piper staff include: Jack Townley Jr., editor-in-chief; Mary Margaret Turner, business manager; Judy Jenkins, assistant editor-in-chief; Glenda Hudspeth, advertising manager; Sally Carlton, sales manager; Connie Jo Duncan, layout editor; Gary Caudle and Linda Legan, assistant layout editors; Mary Patterson, copy editor; Margaret Ann Johnson and Allen Cumbe, assistant copy editors; Holman Jones, pictorial editor; and Mrs. L. R. Fowler, advisor.

Pat Perrin Elected Junior High Band President Tuesday

Pat Perrin was elected president of the Hamlin Junior High School Band at an organizational meeting held Tuesday, Sept. 1.

Other officers elected for the year were Bill Johnson, vice president; Jane Hymer, secretary; and Dianna Crowley, reporter.

The band will make one out-of-town trip during football season which will be the game at Albany. They will also play at all local junior high football games.

Mrs. Ned Moore Attends C of C Meet

Mrs. Ned Moore, secretary of the Hamlin Board of Community Development, attended a meeting in Abilene Thursday for representatives of area Chambers of Commerce. The group discussed a name for the district to focus attention on the general area.

Also discussed was a program designed to interest retiring servicemen and all persons of retirement age in West Central Texas as an ideal place for making their permanent homes.

ATTEND THE JAYCEE CARNIVAL -- NOW THRU SATURDAY

FROM OUR FILES

FIVE YEARS AGO:

Cotton crops in the Hamlin territory are taking a terrific beating these hot, dry days that is knocking thousands of bales of cotton from estimates of the crop made 60 and even 30 days ago.

A boy arrived for Mr. and Mrs. Billy Early on August 31. After having his weight checked at seven pounds three ounces he accepted the name Keith Duane.

Dr. William A. Patillo of of Hamlin will be one of the 100 Texas chiropractic leaders who will gather in Austin Saturday, September 12, for the Texas Chiropractic Association. Dr. Patillo is president of the West Texas district of the association and will be one of the speakers at a luncheon during the conference.

TEN YEARS AGO:

Most of the cement work on the new addition to the filtration plant of the Hamlin waterworks system has been completed, declare city officials.

A get-acquainted dinner for new teachers and patrons of Hamlin schools has been set for Thursday evening at the Elementary School Cafeteria. Mayor Willard Jones will be the speaker of the affair, sponsored by the Parent-Teacher Association.

FIFTEEN YEARS AGO:

W. C. Russell, Perry Sparks, Joe Culbertson and Joe McCrary were awarded 20-year service pins at the Tuesday evening ladies' night program of Hamlin Lions Club.

Work got underway this week on a drainage project on Southeast Avenue B and East Lake Drive by the Texas Highway Department.

Total enrollment of 850 has been recorded at Hamlin schools, according to Superintendent I. R. Hutchinson, a gain of 40 over the 810 total of the same time last year.

Mrs. G. T. Wilson and T. N. Craven and son, Mike, of Dallas were visiting in Hamlin this week.

Twenty-five years ago: Superintendent G. R. Bennett of Hamlin Schools says 745 students had been enrolled so far in the schools, 415 in the elementary and 330 in high school.

Mr. and Mrs. R. F. Easterwood of Athens are here this week visiting Mr. and Mrs. Curtis Martin. They were accompanied by John Ash. Easterwood was one of Hamlin's earliest merchants, and he is amazed at the fast growth of the community.

Mr. and Mrs. Fred McDonald of Longview are spending the week with her mother, Mrs. Preston Phenix.

Mrs. E. M. Wilson and daughter, Elma Joy of Sweetwater

spent the week end here with relatives.

Mary Boyd and Carrie and Annie Laurie Johnson, teachers in the Fort Stockton schools, leave Friday to resume their positions next Monday.

Mr. and Mrs. W. A. Huling of Corpus Christi are visiting with their sons, Ray, Van and Ottis Huling, and other relatives.

FORTY YEARS AGO:

The past week has been good to open cotton. The Hamlin gins and cotton yard have received many bales over the previous week. The general estimates for this year's crop keep ranging around the 10,000 mark.

Wednesday morning as was the program, the Hamlin Public School opened for the 1924-25 term. Every indication seemed to point to a successful year. Probably the largest number of parents was present that has been there in a long time.

Robert Y. Barrow Jr. arrived in Hamlin, Thursday morning and likes the city fine. In a few years he will be big enough to lift all or any piece of furniture at the Barrow Furniture store, thus relieving his father, R. Y. Sr. of so much hard (?) work. The young man now weighs seven and one-half pounds.

FORAGE TESTING allows farmers to become more efficient by helping him utilize his forage, improve management and strengthen his feeding program. A forage testing service at Texas A&M University is available to all Texas farmers and is operated similar to the Soil Testing Service.

ADVERTISING AND PROMOTION PAMPHLETS are good sources of guides, labor-saving tips, methods of on-the-farm diagnosis of animal and plant health problems and provide many other tables, charts and quick-aids to make farming easier.

No Governor's portrait is hung in the Texas Capitol until after the end of his administration.

Chemical tests in present use are sensitive enough to detect one part in a billion of certain drugs.

A Letter From Daddy

Her father has sent a letter and a picture, too, to show his family what he's doing while they are apart. It makes them feel close and it comforts them.

Our Heavenly Father has written us a love letter and given us a picture of what He is doing for us while we're apart. Both are contained in the words of the Bible.

In Jeremiah 31:3 He says, "I have loved thee with an everlasting love; therefore with loving kindness I have drawn thee."

And Our Lord tells us in John 14:2, 3, "In my Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself: that where I am, there ye may be also."

We invite you to attend church this week. You'll receive a blessing from having done so.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

THE HAMLIN HERALD

Fipers Take to Air to Defeat Rotan, 41-13

Except for fury of scores in the second quarter here Friday night, the Pipers had a hard time overcoming fumbles and penalties to get their offense going as they downed a game, but overmatched, Rotan eleven, 41-13.

The game was not near as one-sided as the score would indicate as the Pipers trailed 7-0 at the end of the first quarter and managed to net only 10 yards on the ground in the second half as Rotan kept possession of the ball most of the time.

The big play in the Piper offense was the halfback running pass by Robert Pearce which either accounted for or set up three of the Hamlin scores. With Mike Shivers and Allen Cumbie on the receiving end of the pass it was completed five times for 168 of the 209 yards netted in the air by the Pipers.

Eddie Mac Lang, Rotan halfback was the night's leading runner with 83 yards in 17 carries. Pearce lead the Pipers with 41 yards in 10 carries, all

in the first half. Rupert Compton carried nine times for 35 yards.

Quarterback Johnny Overman carried two times in the first half for two yards and two touchdowns.

Hamlin kicked off to Rotan with Lang returning it 40 yards to the Hamlin 49. Two plays later Tommy Ferguson recovered a Rotan fumble on his own 42. A 15 yard penalty set the Pipers back after gaining only two yards in two carries in their first effort with the football. On fourth down a bad snap from center kept the Pipers from getting off their punt and Rotan took over on the Hamlin 25.

Larry Simpson crashed through the Rotan line on third down to throw the Yellowhammers for a five yard loss and kill their first threat.

Hamlin moved the ball out to the Rotan 49 before fumbling with Rotan recovering on their own 40. Eight plays later Rotan hit pay dirt with Lang carrying over right guard for 14 yards. Jimmy Heathington

STORY IN FIGURES

Rotan	7	0
Hamlin	0	27

kicked the point after and Rotan was out in front by seven points.

In the next series Hamlin was forced to punt after gaining only six yards and then recovering a Rotan fumble on the Rotan 41 yard line. Rotan drew a five yard penalty and Pearce gained the first down with a six yard carry to the 30. Compton gained five yards and Pearce lost one. Hamlin had 15 yards paced off against them and then Pearce connected with Shivers for a 35 yard pass play to the six. Pearce carried to the one and Overman carried in for the score. Pearce kicked the extra point to tie up the game.

After the kickoff the Piper defense held and Rotan punted out to the Hamlin 40 yard line from where Pearce took the ball and cut the right sideline and then cut back to the middle and went into the end zone, standing up. He kicked the extra point to put the Pipers out in front, 14-7.

The Piper defense held again following the kickoff and Rotan quick-kicked on third down with the Pipers taking over on their own 39. Pearce hit Shivers with a pass good for 36 yards to the 25. Compton gained one and Cumbie gained 13 yards on a reverse. Pearce went around left end for the 11 yards and the third score. His kick was good for the point after and the Pipers were out in front 21-7.

Rotan fumbled the kick off at their own 15 with Hamlin recovering. Compton carried for eight yards and Pearce for four. Hamlin was set back five yards with a penalty and then pass interference was ruled in

the end zone with the Pipers getting the ball on the one. Overman carried in on the sneak. Pearce's kick was good but the Pipers drew a 15 yard penalty and Pearce tried again but it was too short.

Following the second half kickoff the Pipers failed to make their first down and Compton kicked to the Rotan 32.

Rotan drove to the 17 before their drive stalled. Hamlin fumbled on the first play with Rotan recovering on the 17. On second down Quarterback James Tompkins connected with Lang for a 15 yard pass and the score. The try was no good. Hamlin fumbled the kick off and Rotan recovered on the Hamlin 35. On fourth down and needing only one foot the Piper defense threw Bruce Baugh for 13 yard loss.

Taking over on their own 37, the Pipers started moving with Compton carrying for four and then Pearce connecting with Cumbie for 27. Compton carried for five more and Hamlin had a touchdown pass play called back because of off sides. Ferguson passed to Shivers then for 32 yards and the score. Pearce's kick was good and Hamlin lead 34-13.

Rotan moved down to the Hamlin 30 before their drive was stopped. Compton was thrown for a five yard loss and Pearce hit Shivers again for 30 yards to the Rotan 45. Pearce's next pass was incomplete and Ferguson passed to Shivers for five to the 40. Ferguson's next pass fell incomplete and Pearce connected with Shivers on a 40 yard touchdown pass with Shivers all alone at the five yard line and then racing in for the score. Compton kicked the point after to put Hamlin out in front, 41-13.

Rotan put three first downs together before the clock ran out on them.

Mr. and Mrs. Elmer Feagon, Lucy and Jim, visited in Denver, Colo. with his sister Mrs. Olivia Funk. They visited another sister and family, Mr. and Mrs. I. O. Williams in Dalt.

ACCENT ON HEALTH—

When should your child have a gun — play football — or drive a car?

The decision, naturally, is up to you, the parent, but the Texas State Department of Health reminds you to bear some important factors in mind.

If your son is eager to have a gun for the coming hunting season, you will want to consider other things as well as age. Since all youngsters vary in maturity, age alone cannot determine a child's readiness to possess a gun. You must judge your youngster's degree of responsibility.

If, around the age of 12, he exhibits responsibility in other areas and has had gun training by an adult, he probably can be trusted with a gun.

The safest gun for a beginner probably is a .22 rimfire singleshoot rifle.

But most important, be sure your child is trained in gun safety. Check with your local health department or gun dealer about organized gun instruction clubs.

Football is the roughest and most dangerous of boys' sports, not because of fatalities but because of injuries. Few players die in football — an average of 15 a year — but about one in 12 can expect to be injured. Most injuries are minor, but others cause permanent damage.

Boys want to play, and despite its ruggedness, football under the right conditions can be a safe sport. It's up to parents to see that conditions are right.

Before your boy plays on a team, be sure he passes a thorough physical examination, wears good-fitting and adequate equipment and plays on a rock free field against boys of comparable size.

So your teen ager want to drive a car. You will need to consider first, of course, whether or not he or she is of legal age and possesses a learner's permit or license. But again you must judge his responsibility and obedience.

B&PW Club Holds First Meeting of Year Tuesday

The first meeting of the Business and Professional Women's Club was held Tuesday evening at the high school cafeteria.

Miss Lennie Greenway, president, gave the welcoming address and introduced the following guests: Mmes. R. B. Hennington, Joe Rimmer and Ross Walker of Breckenridge. New Members introduced were: Mmes. Ray Sonnenburg, B. V. Newberry, E. J. Hawkins, John Ed Day, Ethel Wainwright Allen, Dean Witt, L. R. Fowler, Loyd Burkhardt, Tommy Hunt, Carl Back, and Clarence Hyer.

Mrs. W. B. Writton, immediate past president, gave the response and welcomed the new members.

Mrs. John V. Howard Jr., acting for Mrs. M. T. York, program co-ordinator, distributed the new yearbooks calling attention to the different features.

Mrs. Ned Moore, secretary of

the Hamlin B. C. D. announced that the B. C. D. office would again be used as the hospitality room for the Ex-Students Homecoming to be held Sept. 19. Members of the B & PW Club serve as hostesses during the annual event.

Next meeting will be a business meeting at 7:30 p.m. Sept. 22 in the Harden Memorial Library.

Mrs. George Kinney, owner of the Coin Clean Center here and the Wash Pot in Stamford was one of the 13 winners in a nationwide promotion contest for the most effective coin-op advertising in 1964. The awards were made Aug. 27 during the national convention in New York.

Mr. and Mrs. Joe Kraft and daughter of Plano spent the Labor Day holidays with her parents, Mr. and Mrs. Felton West. Other visitors in the West home Sunday were their son, Tommy West, and daughter, Mrs. J. W. Turner and family.

MRS. DAVID N. CARNE
... formerly Sarah Snapp

Queen Nominees...

The following is a brief biographical sketch of each of the Hamlin Ex-Student Homecoming queen nominees.

Mrs. S. A. Teague

Mrs. S. A. Teague, Ex-Student Queen nominee, is the former Avis Foster, daughter of Mr. and Mrs. J. H. Foster. She was graduated from Hamlin High School in 1939.

A homemaker, she is also office nurse for Dr. E. J. Hawkins. Her husband is employed at White's Auto Store. She is a member of the First Methodist Church.

The Teagues have two daughters, both graduates of Hamlin High School, Mrs. Joe League Jr. and Mrs. Bobby McCurdy of Abilene, and one grandson.

Mrs. Sam Thomas

Mrs. Sam Thomas, Ex-Student Queen nominee, is the former Judy Brandon, daughter of Mr. and Mrs. O. E. Brandon. She was salutatorian of the 1956 graduating class.

She graduated in 1961 from Abilene Christian College receiving a B. A. in English.

She was married in 1962 to Sam Thomas. They live in Abilene where he teaches elementary school at Austin Elementary. She teaches English in Eula High School.

Mrs. Ed Gardner

Mrs. Edward Gardner, Ex-Student Queen nominee, is the former Velta McCormick, daughter of Mrs. R. E. McCormick of Abilene and the late Mr. McCormick. She graduated from Hamlin in 1933.

She married Edward Gardner and they have one daughter, Linda Jan 10. Her husband is a salesman for Carl Murrell Chevrolet.

Her hobbies are yard work and keeping house. She is a member of the First Baptist Church.

Mrs. Harry Dillard

Mrs. Harry Dillard, Ex-Student Queen nominee, is the former Jessie Mae Feagan. She is a 1919 graduate of Hamlin High School.

She married in 1920 and they have two children, Billy Jack of Anson and Betty Jean of Hamlin.

Her hobbies are reading, fishing and gardening. She is a member of the First Methodist Church.

Mrs. Kenneth Riddle

Mrs. Kenneth Riddle, Ex-Student Queen nominee, is the former Jo Hargrove, daughter of Mr. and Mrs. W. C. Hargrove. She graduated from Hamlin High School in 1947. She attended Texas Woman's University in Denton.

She is a charter member of the Business & Professional Women's Club. Public Education Chairman for Jones County Unit of the American Cancer Society and Public Affairs

Chairman for the Hamlin Campfire organization.

Her hobbies include water skiing and collecting unusual bottles and antique keys. She is a member of the First Baptist Church.

Miss Lola Milstead

Miss Lola Milstead, an Ex-Student Queen nominee, is the daughter of Mr. and Mrs. R. L. Milstead. She graduated from Hamlin High School in 1929 and received her B. A. in 1936 and her M. E. in 1958 from Martin-Simmons University.

She has taught school for twenty-two years beginning her teaching career at Swedonia. Other schools where she taught include West Columbia High, Borden Co. High and Hamlin Jr. High where she began tenth year this fall teaching math. During and after World War II she worked with the U.S.O., camp director at Camp Bowie, Brownwood and Randolph Field, San Antonio and recreation director in veteran's hospitals at Temple and Big Spring.

Her hobbies are sports and she is a active member of the First Baptist Church.

Mrs. Buck Joiner

Mrs. Buck Joiner, Ex-Student Queen nominee, is the former Charlene Durham. She is the daughter Mr. and Mrs. C. W. Durham. She graduated from Hamlin in 1944. She attended Draughton's Business College in Abilene.

She has three children, Charles, Jerry and Susan. The family lives in Odessa where Mr. Joiner is employed at Ace Seat Covers Company.

Her hobby is homemaking.

Mrs. Joe Allen Dean

Mrs. Joe Allen Dean of Iraan, Ex-Student Queen nominee, is the former Allene Reynolds, daughter of Mr. and Mrs. Raleigh Reynolds. She was graduated with honors from Hamlin High School in 1953.

She attended Draughton's Business College in Abilene.

In 1955 she married Joe Allen Dean, a former HHS grid-iron star. They have two children, Carole Lynn, age 7, and Connie Jo, age 4.

She is a homemaker and teaches the five year old beginner's Sunday School Class in the Iraan First Baptist Church. Her husband, is a teacher and assistant coach in the Iraan Public Schools.

Miss Libby Johnson

Miss Libby Johnson, Ex-Student Queen nominee, is a Hamlin graduate of 1959; She was chosen high school Homecoming her senior year. A graduate queen her senior year. A graduate of McMurry College, Abilene, with a B. S. in physical education, she is now teaching in the Stamford Public School System.

She is physical education

Sarah Lee Snapp and David N. Carne Exchange Vows Sunday

Sarah Lee Snapp became the bride of David Nathaniel Carne in double ring ceremonies read in First Baptist Church Chapel Sunday afternoon.

The bride is the daughter of Mrs. E. L. Snapp and the late Mr. Snapp. Parents of the bridegroom are Mrs. John Emerson Crane of Dyersburg, Tenn., and the late Dr. Crane.

The Rev. Byron Bryant, pastor officiated. Carol Joe Simpson was pianist and Mrs. Miks Mosley soloist.

The bride, presented in marriage by Ira Clements, was attired in a princess style gown of white silk organza. Lace panels with seed pearl accents extending down the sides and into the lace chapel train.

A tiara of seed pearls held her fingertip veil of bride illusion. She carried a bouquet of camellias.

Maid of honor was georganna Fitzgerald of Wichita Falls, and matron of honor was Mrs. Bob Spaulding of Abilene. They wore identical orchid dresses with matching wide cummerbunds and flowering bows in back. Their headdresses were of orchid asters, and flowers were nosegays of orchid asters and white camellias.

Serving as best man was Michael R. Jones of Dyersburg, Tenn. Ushers were Johnny L. Snapp, brother of the bride, and Scotty Brown. Edward Neal Scruggs of Guntersville, Ala., was groomsmen.

The bride was graduated

Melba McDaniel, David Helm Wed Here Friday

Melba Colene McDaniel, daughter of Mr. and Mrs. George McDaniel, and David Clary Helm, son of Mrs. L. Sanders and R. L. Helm of Lexington, Okla. were married here Friday in the home of the bride's parents.

The double ring vows were read by Rev. Spencer Liles.

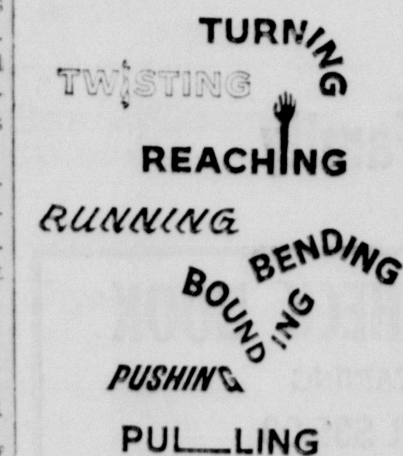

The bride wore a white street length dress of white tulle with the fitted bodice covered with white eyelet. Her shoulder length veil was held by a crown of pearls.

The bride attended Hamlin High School. The bridegroom attended Noble, Oklahoma, High School. He is employed at the Oklahoma State Hospital in Lexington, Oklahoma, where the couple will make their home.

teacher, volleyball and tennis coach, and pep squad sponsor.

During the summers of 1963 and 1964 Miss Johnson was employed at Camp Arrowhead near Kerville.

She is the daughter of Arnold Johnson.

You have 639 muscles in your body. You can exercise and develop them for life-long health and vitality.

But there's so little incentive to exercise now—what with push buttons and sedentary pastimes—that flabbiness begins in early childhood.

Yet, more than half of our children do not get at least 15 minutes of planned, vigorous, body-building activity during each school day!

What about the physical education program in your child's school? Is it planned mainly for students interested in varsity sports? Or is it geared to the development of average boys and girls—those most in need of physical conditioning?

The President's Council on Physical Fitness urges you to take as much interest in this phase of your child's development as you do in his academic development. Work with your school officials and community groups to establish a program that emphasizes vigorous activity daily. Bringing up youngsters with strong, agile bodies is essential to their future—and the future of our country.

To help you evaluate the program in your school, the President's Council on Physical Fitness will send you a free booklet. The address is Washington 25, D.C.

Recreation, 4-H Health and Safety, and Family Life; and the THDA 1965 Proposed Program of work will be presented by various committees.

Mrs. Florence Low, Assistant Director for Home Economics, John E. Hutchinson, Director of Texas Agricultural

Extension Service, Mrs. Jean Adams of the Houston Post, and Miss Bonnie Cox, Organizational Specialist will be the speakers

The Jones County delegates will give reports of the meeting to all the Jones County Home Demonstration Clubs.

For a child or an adult to achieve properly and efficiently they must have good vision. Only a vision specialist giving a thorough examination can determine your visual needs. A thorough examination takes time.

FOR YOUR BENEFIT?

DOWN and down the unit price of electricity has dropped over the past years. Today in homes served by WTU, the cost per KWH is 17% less than it was in 1953. While the cost of living continues to rise... the cost of electricity continues to fall.

UP and up has gone the amount of electricity the customer is using. WTU has grown in the past years and will continue to grow... staying ahead of its customer's needs.

OUT in every direction have gone power lines to supply electricity for all. Customers all through West Texas are provided with benefits from the most modern and efficient generating plants.

ELECTRICITY DOES IN ONE DAY
what it would take 228 hours to do by
hand in the average American home.

THE HAMLIN HERALD
September 10, 1964

Clayton Suggests Early Soil Testing Before Planting

Soil testing should be now in preparation for fall planting, says Jones County Agent, Kirby Clayton.

Early soil sampling is encouraged to avoid the fall rush that crowds the state's three testing laboratories. Samples now being received are mostly from pastures, small grain plots, lawns and flower beds, says Clayton.

A total of 19,047 samples were received at the laboratories from January 1 through June 30 this year, compared with 13,171 samples for the same period last year. The soil testing laboratory at Texas A&M University received 9,349 of these samples compared with 7,248 last year.

As expected, a significant increase in tons of fertilizer applied has accompanied this increase in the number of samples tested, explains Clayton.

For fall sown small grains, Clayton recommends that the complete fertilizer be broadcast and disc under or applied following a chisel. Nitrogen fertilizers may be topdressed on the wheat as late as February with good results. Mixed fertilizers are not recommended for topdressing, says the agent.

New Barley Shows Promise for Area

"Will" barley which was developed by the Oklahoma Agricultural Experiment Station, shows lots of promise in Texas from the Temple area north to the Red River and Panhandle areas, according to information this week from County Agent, Kirby Clayton.

"Will" barley was selected from a cross of Rogers and Kearney and is similar in many ways. The new variety is green bug resistant and more winter hardy than Rogers. It is moderate height, has good straw strength, is resistant to mildew, but susceptible to the rust.

It has produced some outstanding yields in recent Texas tests. "Will" barley is winter hardy and in test at Iowa Park, 99 percent of the stands survived the cold, compared to 29 percent for Cardova. "Will" barley is recommended in areas of Texas where Cardova and Rogers may be lost from winter killing, says Clayton.

Foundation seed are available from College Station and Hereford, Texas to certified small grain seed producers.

Massey's Ship Wins High Rating

Philip W. Massey, seaman, USN, son of Mr. and Mrs. John E. Massey, Jr. of 719 S. Ferguson, is a crewmember of the amphibious assault ship USS Valley Forge which recently was awarded the Battle Efficiency "E" for Pacific Fleet ships of her class.

She gained the award by outscoring other ships of her class in combat readiness tests conducted throughout the year.

Helicopters aboard Valley Forge use a technique known as "vertical envelopment" which is the flying of combat ready marines over and behind enemy lines.

Ronnie and Mitzi Rider, of Stamford have pre-registered at Cisco Junior College, according to an announcement by G. C. Hogue, school president. They are children of Mr. and Mrs. Ralph Rider.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — "Interbasin divisions," the process of moving water from where it is to where it is needed, is being talked about more and more in Texas where half of the state's water supply is centered in the eastern one-seventh of the state.

It will be the topic of three speakers at the Association of Western State Engineers in Austin on Sept. 21.

Speakers are Frank Raab of Oklahoma, David Hale of New Mexico and William Warne of California. All three are water officials in states which have turned to interbasin divisions to solve some water problems.

Some moving already has taken place in Texas. In the Trinity watershed, for instance, Dallas is completing a pipeline and treatment plant for moving Sabine River water from Lake Tawakoni to Dallas. Also Houston has signed a contract with the Trinity River Authority to move more Trinity water to Houston.

Interbasin division will become the subject of more conversations for Texans when the U. S. Bureau of Reclamation releases its pending report. It proposes a 400-mile canal to move surplus water from the Sabine and Neches basins, southward to link all major rivers in Texas and meet the needs of the Gulf Coast to a point below Corpus Christi.

Gov. John Connally has asked

ed the Texas Water Commission to speed up water planning to seek alternatives to the Bureau of Reclamation's forthcoming proposal. But the commission is strapped by the bounds of a budget inadequate for such a study, unless the 1965 Legislature increases its funds.

INSURANCE INTEREST CHARGE UPHELD — An effort by the Allstate Insurance Company to knock out the State Board of Insurance order requiring a minimum charge of six per cent interest on insurance premiums paid by installments has failed.

Board said it found nothing in the hearing to change its mind. It reported that abuse of Texas laws, prohibiting inducements to prospective policyholders and prohibiting discrimination between policyholders, were taking place under deferred payment plans.

"Net costs of handling premium payments financed by insurance companies at cut-rate interest, or no interest, will ultimately be paid by all insurers," said Board Chairman Hunter McLean. "Those electing deferred payment plans should bear such costs."

A spokesman for one company charged that criticism of ruling by the National Association of Independent Insurers laid the groundwork for "an attack on the Texas rating system and policy control." N.A.I. I. claimed the order discriminates against Texas policy holders, and that the board had no authority to adopt it.

OUT OF THE RED — State

government ended its 1963-64 fiscal year on August 31 with a fat general revenue fund balance of \$73,000,000.

It was the brightest year-end figure since 1949.

"It looks better than it has for a long time," beamed State Comptroller Robert S. Calvert. Five years of deficits still are fresh in his memory. One year the State ran \$110,000,000 in the red.

Calvert declined to speculate on the amount of surplus which will be available for legislative appropriation.

Governor Connally predicted earlier that the general revenue surplus may reach \$80,000,000 next year. Despite the abundance of money, the Governor said the Legislature likely will have to pass a new tax bill or amend the existing rates in 1965. This because of demands for more spending in education and other areas.

Calvert noted three factors in the favorable fiscal 1964 close-out: a \$24,000,000 increase this year over 1963 in general sales tax revenues; an \$8,000,000 jump in the auto sales tax; and a \$3,000,000 crude oil tax increase.

Comptroller's report showed state revenue collections during 1964 were more than \$1,600,000,000, compared with \$1,500,000,000 in 1963. Expenditures totaled \$1,500,000,000, compared with \$1,400,000,000 the previous year.

General economic growth of the state; the federal income tax reduction designed to prime spending; and removal of the \$10 clothing exemption from the state sales tax were seen as largely responsible for the bigger yield from that levy.

CABINET MEETINGS RESUMED — Governor Connally has resumed his schedule of unofficial "cabinet" meetings with top state agency heads.

He started the sessions last October, but had to discontinue them when he was wounded by the same assassin who killed President Kennedy.

Last week's meeting was held in the offices of the Texas Education Agency. Emphasized was overall operations and financing of public schools. A general

discussion of agency problems with the governor followed.

These sessions have a twofold purpose: to analyze workings of departments one by one; and to familiarize the governor and other officials with mutual problems.

HIGHWAY HURRY-UPS ASKED — Citizens from San Antonio, Corpus Christi and the counties which connect them asked the State Highway Commission to "hurry up" and schedule work on a proposed Interstate Highway between the two cities so that construction will be completed by 1968.

That is the year when San Antonio will produce the HemisFair; Padre Island National Seashore will be in full-scale operation and Mexico City will host the World Olympics. Nueces County Judge Noah Kennedy Jr. said, "We would just like to be in a position to swap tourists with the city of San Antonio."

"Hurry-up" urgings also were heard from Valley leaders who pleaded with the Highway Commission to hasten construction of the Valley Expressway (US 83) because the current system of routing traffic on access roads is hazardous.

Lower Rio Grande Valley Chamber of Commerce vice president Jack H. Drake of Weslaco told commissioners the Valley death rate has risen 40 per cent this year — compared to a statewide rise of 13 per cent — because of accidents on the access roads adjacent to the expressway route.

Commission immediately authorized construction of a 1.7-mile section of the expressway

within the city limits of Mercedes.

ANTI MOSQUITO CAMPAIGN — Spurred by the spread of encephalitis, state, county and city officials all over Texas are conducting a vast campaign against mosquitoes, according to State Health Commissioner J. E. Peavy.

Although much of the war against the disease carriers is waged constantly in areas which have tax-supported districts to combat disease-bearing insects, extra measures are being taken in many places, including Houston where 75 two-man spraying crews are at work.

Dr. Peavy said that as of September 1, a total of 47 cases of encephalitis and deaths had been reported from Houston; 61 cases and 11 deaths in the Upper Plains region; and a smattering of suspected infections in other counties.

He said the 1964 epidemic has been worse since 1950 when close to 1,000 cases — most in South Texas — were reported. In a "normal" year only 50 to 75 cases develop.

Dr. Peavy said he feels the intensive anti-mosquito campaign, and the advent of cool weather will combine to beat down the disease, which is dwindling somewhat.

SHORT SNORTS

John C. White, Commissioner of Agriculture, advises that Grande cotton farmers will vote September 30 on whether to include an escrow program as part of pink bollworm controls during the 1965 season.

OLD GLORY...

By Judy White

In preparing the financial statement for the Old Glory School, the office of the County Superintendent Thelma Smith find their record reflect a gain of approximately \$6,800 in the schools operational funds balance over last years closing balance. About \$3,000 of the increase was brought about by accumulating a surplus from the tax rate increase from \$1.50 to \$2.00 voted last summer. This increase brought in a total of \$11,646 in additional revenue for operational revenue and payment of bonded indebtedness.

\$3,800 of the gain realized came from transfer of funds from the Old Glory Miscellaneous Fund to the Maintenance Fund. The Miscellaneous Fund is handled by the local superintendent, and the \$3,800 transferred to the Maintenance Fund was the amount of increase in the fund during V. R. Leverett's term at Old Glory School.

Last year the school paid off \$8,000 in bonded indebtedness plus the interest. This was \$500.00 above the years requirements.

The school also added five aid conditioners to the three that had been purchased earlier by the 1964 Senior Class, making a total of eight new air conditioners that have helped to make these first days of school much more pleasant. A new school bus was also purchased and paid for out of transportation funds.

About five hundred people attended the third Old Glory School Homecoming last Sunday. The Homecoming is held every three years on the Sunday before Labor Day for ex-students and teachers of the Old Glory and its consolidated districts.

Officials for the Homecoming this year were C. T. Pierce, president; Ed Letz, vice president; Mrs. Shirley Smith, secretary - treasurer; and Mrs. Hazel Letz, assistant secretary-treasurer. Lunch was served by Lavender's Cafeteria of Abilene.

In the afternoon the group enjoyed a program with C. T. Pierce as master of ceremonies. Others on the program were Larry Quade, a piano solo; Nancy and Marvin Vahlenkamp, a local brother and sister team sang "Rambling Rose"; Bryan Houston of Cisco and Sam Houston of Rule provided old-time fiddle and guitar

music and accompanied H. L. Boies on a vocal number.

Rev. Herman Westbrook, a former student of Old Glory School welcomed the group and Allen Davis recognized all graduates of Old Glory School from 1931 through 1964.

Pete Agnew of California was recognized as the student who came the farthest to attend the homecoming; Mrs. Maxine Klump, English teacher has the longest teaching service in the school. She is beginning her twenty-sixth year in the system. Millard Smith was the oldest teacher present and B. R. Johnson was recognized as the oldest ex-student present.

The next Old Glory homecoming is to be held in 1967. Officials elected for that occasion are Howard Tribbey, president; Cecil Klump, vice president; Mrs. Allen Davis, secretary, secretary-treasurer and Mrs. Helen Pierce, assistant

secretary-treasurer.

The Junior and Senior Classes of Old Glory School last week elected officers for the new school year.

Officers in the Senior Class are: president, Stanley Diers; vice president, Linda Newman; secretary, Donna Pierce; treasurer, Marilyn Flow; and sponsor, Mr. Bill Wright.

Officers in the Junior Class: president, Danny Letz; vice president, Danny Lammert; porter, Rhonda Baitz; and sponsor, Mr. Jerry D. Johnson.

Mrs. O. D. Vanderworth of Denver, Colorado, is recovering from major surgery. Her friends will be glad to know that she is doing well and is back at home. Mrs. Vanderworth is the former Ruby Letz of Old Glory, daughter of Mr. and Mrs. Charlie Letz.

Auto Inspection Time Here Again

AUSTIN — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced today that the time has arrived for Texas motorists to have their vehicles inspected again.

Garrison said September 1 marked the beginning of the 1965 vehicle inspection period as prescribed by the Public Safety Commission. As in previous years, the period will end on April 15, 1965.

"This means that between and Mrs. W. G. Wienke last week end included their daughter and husband, Mr. and Mrs. J. G. Pope of Hempstead their son and wife, Mr. and Mrs. Roy Wienke of Lubbock.

now and April 15, 1965, more than 5,200,000 Texas registered vehicles will have to be inspected at the 5,200 official inspection stations in Texas," he said.

Garrison urged motorists to have their vehicles inspected in the routine visits to garages for ordinary maintenance and repairs and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker. He further pointed out that with the ever increasing number of vehicles registered in Texas, it is becoming ever more difficult for the motorists to get an inspection sticker without some delay.

"With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead," Garrison said.

SAFEWAY

©Copyright 1962, 63, Safeway Stores Incorporated

By MRS. ELMER JOINER

This week has been very quiet out our way, no rain, no storms, nothing spectacular has happened, just warm days and pleasant nights. The farmers are all plowing and hoeing and hunting boll pullers, looks strange to see some one plowing cotton and wishing for boll pullers, but the late rains have created an unusual situation, weeds have come up and are growing as if it were spring. The long, hot, dry spell caused the cotton to open, so some of it needs to be pulled right now, but it will be a long time before the last crop opens.

We had several visitors in church Sunday, Rev. J. E. Bagley, Abilene, Mr. and Mrs. Jimmy Holmes and Melody, Big Spring.

Supper guests of the George Wainwrights Friday night were their daughter, Mr. and Mrs. David Hoggens and sons, Abilene, accompanied by their friends Mr. and Mrs. Bailey's, also of Abilene.

Sunday visitors of the Winston Grays were Mr. and Mrs. Noel Jones, of Abilene. Mr. Jones is a cousin of Mrs. Gray. Mr. and Mrs. Buck Joiner, Charles, Jerry and Susan, of Odessa, spent the weekend and Labor Day, in Hamlin, visiting her parents, Mr. and Mrs. Charlie Durham and his parents, Mr. and Mrs. Elmer Joiner.

Rev. and Mrs. J. E. Bagley, Abilene, spent Sunday with their granddaughter, Rev. and Mrs. Kenneth Leverett and girls.

The Flavil Holmes had their children home Sunday, Mr. and Mrs. Jimmy Holmes and daughter, now living in Big Spring, where he is teaching, spent

Labor Day holiday with them. Sunday guests were Mr. and Mrs. Jack Wright, Melinda and Keenan.

Last week we were wondering where the Henry's were roaming last Sunday, it seems they had stayed at home and had a lot of company. Mr. and Mrs. W. C. Henry and Jo, from Elgin, met their daughter, Mr. and Mrs. Mack Sansing and little daughters, from Higgins, at his parents for a visit. Also present were Mr. and Mrs. Jimmy Henry and girls, from Midland.

Last Sunday visitors of the Henry's were Mr. and Mrs. Warren Henry, Lubbock, and Mrs. Sue Henry, of Rule.

Jimmy Joiner, Stamford, spent Wednesday and Thursday night with his parents, while working in Hamlin.

This writer has been wishing for a call to serve on the jury, just to see what it is like, well, that wish has been granted for Tuesday at 1:30 p.m. I will have to appear in District Court as a prospective juror, and now it doesn't look so enticing; have even been wondering if women are qualified to serve on the jury.

It seems that the recent rains have caused the black eyed pea vines that survived the drought to start bearing, and the women are really finding out where the patches are, since peas are the staff of life in West Texas. It looks as if we might have to survive a winter without them, canned or frozen, but there seems to be quite a few now and we ladies are really after them.

Kay McCoy, of Hamlin, will leave next Sunday for Lubbock, where she will be a student in Texas Tech. Makes you wonder if you aren't getting old when you see your grandchildren go off to college, but it really makes you proud of them. Several 1964 Hamlin graduates will be in school there this fall.

The Friendship Home Demonstration club will help set up a booth, at the West Texas Fair in Abilene, for Jones County H. D. clubs. When you visit the Fair we invite you to go see what the H. D. clubs are doing. Mr. and Mrs. D. T. Downey and Glenda, Fort Worth, Mr. and Mrs. J. D. King, Dallas, spent Labor Day holiday with their sister, Mr. and Mrs. Fred Rosenbaum.

Mr. and Mrs. Leo Jones of Hamlin are the parents of a baby boy born August 6. He weighed 5 lbs and was named Willard Doran.

Call your news to the Herald.

No-Frost Freezers Said to Cost Only Penny a Day to Run

It has been a persistent folk myth of recent years that no-frost refrigerator freezers cost a lot to run. This myth has now been laid to rest by an experiment by General Electric.

Two models of refrigerator freezers were tested under identical conditions. There was only one difference. One model had the no-frost system and the other model had to be defrosted manually.

When the results of the test

were in, they showed that the no-frost did cost more to operate — but only less than one cent a day, or .97 of a penny to be exact.

For less than one cent a day you can win freedom from the homemaker's most distasteful and most postponed task—the slopping and mopping of manually defrosting the refrigerator.

Don't, however, get the impression that your new no-frost refrigerator freezer will cost only one cent a day more to operate than the faithful old frost-builder it replaces. Just consider for a moment the profiles of your old appliance and

the new one and you will see why. A typical refrigerator now in millions of homes shapes up like this: eight cubic feet... single zone temperature... no true freezer... manual defrosting.

A typical profile of a 1964 no-frost refrigerator freezer might be: 13.7 cubic feet (70 per cent bigger)... two-zone food preservation... zero-degree freezer... and, best of all, no frost ever in the freezer or refrigerator.

Even if your do-more 1964 costs a few pennies extra to operate, it will probably cost less to buy. The average price of refrigerators has gone down \$17 just since 1961.

Add new flavor and interest to cooked green vegetables by trying some of these seasonings: Cook a tablespoon or two of minced onion, green pepper, or parsley with snap beans or summer squash; cook a few mint leaves with peas; put a small pinch of herb or spice in the water when cooking limas; and a little vinegar and sugar heated together to make a good dressing for snap beans or cabbage, with or without a few tablespoons of cream; point up the flavor of green vegetables with meat drippings, butter margarine, or salad oil with lemon juice, horseradish, or garlic; add bits of crispy fried bacon to spinach or other greens.

Voting Started On Ex's Queen

Voting is now underway to select the Ex-student Hommi Queen to be crowned during the halftime activities of the annual Homecoming game here with Post Saturday, Sept. 19.

Former students and teachers are casting their vote as they return their registration.

See page four for brief biographical sketch of the queen candidates.

to the Ex-student Association. Balloting will close at 2 p.m. Sept. 19.

The high school Homecoming Queen will be selected from four nominees from the senior class. They are: Margaret Turner, Carolyn Reynolds, Barbara Graham and Nancy Ford. They too will be crowned during halftime.

The parade Saturday morning will feature floats and en-

tries from many businesses, clubs and school organizations as well as individual entries. The youngsters will be included as many will be wearing the "Piper" costume.

Mrs. Robert Fowler and Mrs. Jarland Preston, chairmen for the parade, said this week anyone wishing to have their child in the parade as a Piper could contact them for costume instructions.

Prizes will be given in two divisions for the entries made by high school organizations. The school groups may compete in the beauty division or the open division for the following prizes: first, \$30; second \$20; third, \$15; and fourth, \$10.

The businesses, clubs and individual entries will also be in two divisions, beauty and open. The BCD is giving \$100 for prizes to encourage participation in the parade. The prizes in each division will be \$25 for first, \$15 for second and \$10 for third.

Homecoming activities this year include a bonfire and pep rally at the football stadium Friday evening, Sept. 18, at 8 p.m.

The parade will be held downtown Saturday, Sept. 19, at 11 a.m. Lunch will be served from 11:30 to 1:30 p.m. in the high school gymnasium catered by Jack's Steak House of Anson. Adult plates will be \$1.25 and the children's plates will be 75c.

The evening meal also will be served at the gymnasium from 5:30 to 6:30 p.m. by the same catering service and the same price.

The Hamlin Pied Pipers will meet the Post Antelope at 8 p.m. A coffee will be held following the game in the gymnasium.

Adult Typing Class May Start Here

An effort is being made to organize an adult typing class by the Hamlin School, according to Miss Dora Mitchell, typing instructor.

Several people have shown an interest in such a class and if enough people will contact the school expressing a desire for such a class it will be started. Miss Mitchell said that it would probably be held on Monday night of each week.

HOSPITAL NOTES

Patients in the local hospital

Wednesday were: Mrs. J. J. Weaver, Mrs. M. T. York, Bob Kneer, Mrs. Edna Thompson, Mrs. M. P. Lott, Guy Poe, Dee Dee Eaton, Mrs. V. C. Smart, Bertha Jones, H. B. Propst, Mrs. Kathy Graham, Troy Boiles, Mrs. Leo Jones, Mrs. B. R. Brown, Mae James, Jim Anderson, Mrs. Y. L. Moore, Mrs. G. M. Bond, Mrs. C. B. Rowland, W. J. Martin, E. A. Bushell.

Attending the family reunion of Mr. and Mrs. W. H. Sellers in Crowell Aug. 29 were the following from Hamlin: Mr. and Mrs. Glen Williams, Howard and Juanita, Mr. and Mrs. Gary Williams and Marshall and Barbara Wilcox, Mr. and Mrs. Sellers have four daughters, 16 grandchildren and 24 great-grandchildren.

Top-Notch Entertainers Coming To West Texas Fair Next Week

ABILENE — Aerial circus performers, comedians, a top stage band, and an array of recording singing stars will perform at the free Midway Shows twice daily at the West Texas Fair in Abilene, September 14-19.

Eddy Arnold, "The Tennessee Plowboy," Roger Miller, "The Dang Me" boy, and Johnny Tillotson, star recording vocalist, are just three of the top-notch entertainers coming to the Fair.

The 96th Strategic Aerospace Wing at Dyess Air Force Base in Abilene is sponsoring the famed U. S. Air Force Bagpipe Band for performances on Sept. 17, 18, and 19, and the Golden Knights, U. S. Army Parachute Team from Fort Bragg, North Carolina, will perform Sept. 18-19.

Total premiums offered by the West Texas Fair are upwards of \$28,000 in the various departments which include agriculture and horticulture, livestock, horse shows, women's displays, youth departments, and special events which include a tractor driving contest, newspaper throwing contest, old fiddlers' contest, and kids' pet show.

Bill Hames Shows with new rides and the world-famed Rudi Berg, the high-wire king, who walks blind-folded up an incline cable 100 feet and over Fair go-ers heads, offers thrills and fun for all.

Free school day tickets have been mailed to Supt. C. F. Cook for Hamlin school boys and girls by Fair President Jimmy Lauderdale, for Tuesday, Sept. 15.

Hamlin's entry in the Official Sweetheart contest of the Fair is Miss Anna Adams, daughter of Mr. and Mrs. J. D. Adams, sponsored by Hamlin FFA Chapter.

Lecl Robert Woodruff, son of R. L. Woodruff of Hamlin is among the more than 130 students to preregister for the fall semester at Cisco Junior College.

Weldon Estes, son of Walter Estes of Sylvester is among the more than 130 students to preregister for the fall semester at Cisco Junior College.

Larry Gene Butler, son of Mr. and Mrs. C. E. Butler of Hamlin is among the more than 130 students to preregister for the fall semester at Cisco Junior College.

METER CONNECTIONS:

Willis Page --- East of Hamlin.
Ramon R. Castillo --- North-east of City.
Mrs. O. C. Houghton --- 831 S. E. Ave. C.

Jimmy F. Haught, son of A. F. Haught of Hamlin is among the more than 130 students to preregister for the fall semester at Cisco Junior College.

PIPER PATTERN—

HHS Classes Elect Officers

by Nancy Ford
Carolyn Reynolds
Marolyn Reynolds

What's in a name? Various students of Hamlin High School are being called by new names after class meetings last Tuesday. Carolyn Lowrey and Johnny Overman, for instance, are now senior class favorites, with Mary Lois Patterson and Mary Margaret Turner bearing the names of Ladies-in-waiting. Boasting the name of Senior Piper Queen, nominee is Barbara Graham.

Mike Smith is now being called junior class president; Mike Rountree, vice president; Judy Jenkins, secretary treasurer; and Jimmy Hawkins, reporter. Scotty Brown and Donna Compton are the junior class favorites with Shiela Stone and Jan Albritton being the ladies-in-waiting. Cynthia Stevens is the junior Piper Queen nominee.

Leading the Sophomore class are: president, Bobby Moore; vice president, Margaret Ann Johnson; secretary, Vicki Newland; treasurer, Alice June Hill; and reporter, Helen Moore.

and Lynn Brannon with Vicki Newland and Margaret Ann Johnson as ladies-in-waiting. Alanna Kennedy has acquired the name of sophomore Piper Queen nominee.

The Freshman class, new as it may be, added the following to their name list: president, Sammy Ferguson; vice president, Bob Clifton; secretary, Pauline Womack; treasurer, Phillip Simpson; reporter, Jayne Carol Turner. Class favorites are Jayne Carol Turner and Milton Davis.

As Homecoming nears, the seniors are busy planning to make the event a memorable one. Seniors are selling the traditional white mums, and anyone interested in buying a mum may contact any senior. Homecoming queen nominees were also selected from the class. They are Mary Margaret Turner, Carolyn Reynolds, Barbara Graham and Nancy Ford.

Mr. and Mrs. Joe Jay Weaver of Stamford are the parents of a baby boy born August 7. He weighed 7 lb. 14 oz. and named Freddy Ray.

Pipers Journey to Olney Friday for Second Win

Competition is expected to get rougher this week as the Pipers journey to Olney for their second start of the season. While the Pipers were busy overcoming their mistakes last week in defeating Rotan, Olney was upsetting highly regarded Albany, 20-15.

Kickoff time for the game will be 8 p.m. Superintendent C. F. Cook announced this week that there would not be any reserved seats for the game, but that the visitors stands at Olney would seat 1200.

Star of the Olney team is Pinkie Palmer, a boy being boomed for all-state fullback honors. Palmer weighs 195 pounds and runs the 100 in 10.4. He plays corner man on defense and is highly rated in that position, too.

Scouting reports here indicate that Olney is not a big

team but they do have uniform size with most of their boys in the 185 pound range.

They run from the straight T, using split ends and flankers part of the time. Reports here show that they have a

strong backfield and like to run power plays, especially with Palmer off tackle. They can pass with halfback Pearce being their top receiver.

Probable starters for Olney will be: left end, Adams, 185 pounds; left tackle, McBride, 185 pounds; left guard, Mullins, 185 pounds; center, Farmer, 184 pounds; right guard, Thompson, 175 pounds; right tackle, Mendley, 185 pounds; right end, Lisle, 160 pounds; quarterback, Tomlinson, 170 pounds; left halfback, Wood, 170 pounds; right halfback, Pearce, 160 pounds; and fullback, Palmer.

Mullins and Mendley are rated their best linemen. On defense, Menden, Mullins, Wood, Farmer and Palmer, are rated tough by Hamlin's coaches.

Tomlinson runs and throws well from the quarterback spot.

In giving his scouting report to the Booster Club Tuesday night Coach Jerry Larned told the group that Olney was real tough but they were not unbeatable. Larned said, "If we can throw on them we can beat them."

It was reported at the Booster meeting that the organization now has about 200 members this year.

The primary students number 241. There were 231 students for the same period last year.

The elementary building enrollment is up with 155 contracted with 133 last year.

Junior high school is down with 233 from 246 last year. High school is up with 266 over 256 last year.

Total enrollment in the four schools for the first week is now 895 as compared to 866 for last year.

Oscar DePriest School reports a total of 170 students which is less than the students in 1963. In grades 1 through six at DePriest there are 104 students. The total number of high school students is 66.

Enrollment by grades in the other schools is as follows: first, 78; second, 88; third, 75; fourth, 79; fifth, 76; sixth, 74; seventh, 83; eighth, 76; ninth, 77; tenth, 66; eleventh, 69; twelfth, 54.

Boy Scouts to Run Service Station Here Saturday

The Boy Scouts of Troop 47 will have a Benefit Day at Burt Oliver's Service Station Saturday with the profit from all gasoline sales going to the Troop.

The Scouts will man the pumps and take care of the extra services to the customers.

"B" TEAM

The Freshmen and "B" team will play Colorado City there tonight (Thursday). Freshmen will begin at 6:00 and the "B" team game will follow.

The Piper staff has set its advertising campaign for the 1965 Piper to begin today, Sept. 10 continuing through Sept. 25. Posters will be placed in all stores that will advertise in the coming yearbook.

Members of the Piper staff include: Jack Townley Jr., editor-in-chief; Mary Margaret Turner, business manager; Judy Jenkins, assistant editor-in-chief; Glenda Hudspeth, advertising manager; Sally Carlson, sales manager; Connie Jo Duncan, layout editor; Gary Caudle and Linda Legan, assistant layout editors; Mary Patterson, copy editor; Margaret Ann Johnson and Allen Cumbe, assistant copy editors; Holman Jones, pictorial editor; and Mrs. L. R. Fowler, advisor.

Also discussed was a program designed to interest retiring servicemen and all persons of retirement age in West Central Texas as an ideal place for making their permanent homes.

Pat Perrin Elected Junior High Band President Tuesday

Pat Perrin was elected president of the Hamlin Junior High School Band at an organizational meeting held Tuesday, Sept. 1.

Other officers elected for the year were Bill Johnson, vice president; Jane Hymer, secretary; and Dianna Crowley, reporter.

The band will make one out-of-town trip during football season which will be the game at Albany. They will also play at all local junior high football games.

Mrs. Ned Moore, secretary of the Hamlin Board of Community Development, attended a meeting in Abilene Thursday for representatives of area Chambers of Commerce. The group discussed a name for the district to focus attention on the general area.

Also discussed was a program designed to interest retiring servicemen and all persons of retirement age in West Central Texas as an ideal place for making their permanent homes.

FROM OUR FILES

FIVE YEARS AGO:

Cotton crops in the Hamlin territory are taking a terrific beating these hot, dry days that is knocking thousands of bales of cotton from estimates of the crop made 60 and even 30 days ago.

A boy arrived for Mr. and Mrs. Billy Early on August 31. After having his weight checked at seven pounds three ounces he accepted the name Keith Duane.

Dr. William A. Patillo of of Hamlin will be one of the 100 Texas chiropractic leaders who will gather in Austin Saturday, September 12, for the Texas Chiropractic Association. Dr. Patillo is president of the West Texas district of the association and will be one of the speakers at a luncheon during the conference.

TEN YEARS AGO:

Most of the cement work on the new addition to the filtration plant of the Hamlin waterworks system has been completed, declare city officials.

A get-acquainted dinner for new teachers and patrons of Hamlin schools has been set for Thursday evening at the Elementary School Cafeteria. Mayor Willard Jones will be the speaker of the affair, sponsored by the Parent-Teacher Association.

FIFTEEN YEARS AGO:

W. C. Russell, Perry Sparks, Joe Culbertson and Joe McCrary were awarded 20-year service pins at the Tuesday evening ladies' night program of Hamlin Lions Club.

Work got underway this week on a drainage project on Southeast Avenue B and East Lake Drive by the Texas Highway Department.

Total enrollment of 850 has been recorded at Hamlin schools, according to Superintendent L. R. Hutchinson, a gain of 40 over the \$10 total of the same time last year.

Mrs. G. T. Wilson and T. N. Craven and son, Mike, of Dallas were visiting in Hamlin this week.

Superintendent G. R. Bennett of Hamlin Schools says 745 students had been enrolled so far in the schools, 415 in the elementary and 330 in high school.

Mr. and Mrs. R. F. Easterwood of Athens are here this week visiting Mr. and Mrs. Curtis Martin. They were accompanied by John Ash. Easterwood was one of Hamlin's earliest merchants, and he is amazed at the fast growth of the community.

Mr. and Mrs. Fred McDonald of Longview are spending the week with her mother, Mrs. Preston Phenix.

Mrs. E. M. Wilson and daughter, Elma Joy of Sweetwater

spent the week end here with relatives.

Mary Boyd and Carrie and Annie Laurie Johnson, teachers in the Fort Stockton schools, leave Friday to resume their positions next Monday.

Mr. and Mrs. W. A. Huling of Corpus Christi are visiting with their sons, Ray, Van and Ottis Huling, and other relatives.

FORTY YEARS AGO:

The past week has been good to open cotton. The Hamlin gins and cotton yard have received many bales over the previous week. The general estimates for this year's crop keep ranging around the 10,000 mark.

Wednesday morning as was the program, the Hamlin Public School opened for the 1924-25 term. Every indication seemed to point to a successful year. Probably the largest number of parents was present that has been there in a long time.

Robert Y. Barrow Jr. arrived in Hamlin, Thursday morning and likes the city fine. In a few years he will be big enough to lift all or any piece of furniture at the Barrow Furniture store, thus relieving his father, R. Y. Sr. of so much hard (?) work. The young man now weighs seven and one-half pounds.

FORAGE TESTING allows farmers to become more efficient by helping him utilize his forage, improve management and strengthen his feeding program. A forage testing service at Texas A&M University is available to all Texas farmers and is operated similar to the Soil Testing Service.

ADVERTISING AND PROMOTION PAMPHLETS are good sources of guides, labor-saving tips, methods of on-the farm diagnosis of animal and plant health problems and provide many other tables, charts and quick-aids to make farming easier.

No Governor's portrait is hung in the Texas Capitol until after the end of his administration.

Chemical tests in present use are sensitive enough to detect one part in a billion of certain drugs.

A Letter From Daddy

Her father has sent a letter and a picture, too, to show his family what he's doing while they are apart. It makes them feel close and it comforts them.

Our Heavenly Father has written us a love letter and given us a picture of what He is doing for us while we're apart. Both are contained in the words of the Bible.

In Jeremiah 31:3 He says, "I have loved thee with an everlasting love; therefore with loving kindness I have drawn thee."

And Our Lord tells us in John 14:2, 3, "In my Father's house are many mansions; if it were not so, I would have told you.

I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself: that where I am, there ye may be also."

We invite you to attend church this week. You'll receive a blessing from having done so.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

THE HAMLIN HERALD

Fipers Take to Air to Defeat Rotan, 41-13

Except for fury of scores in the second quarter here Friday night, the Pipers had a hard time overcoming fumbles and penalties to get their offense going as they downed a game, but overmatched, Rotan eleven, 41-13.

The game was not near as one-sided as the score would indicate as the Pipers trailed 7-0 at the end of the first quarter and managed to net only 10 yards on the ground in the second half as Rotan kept possession of the ball most of the time.

The big play in the Piper offense was the halfback running pass by Robert Pearce which either accounted for or set up three of the Hamlin scores. With Mike Shivers and Allen Cumble on the receiving end of the pass it was completed five times for 168 of the 209 yards netted in the air by the Pipers.

Eddie Mac Lang, Rotan halfback was the night's leading runner with 83 yards in 17 carries. Pearce lead the Pipers with 41 yards in 10 carries, all

in the first half. Rupert Compton carried nine times for 35 yards.

Quarterback Johnny Overman carried two times in the first half for two yards and two touchdowns.

Hamlin kicked off to Rotan with Lang returning it 40 yards to the Hamlin 49. Two plays later Tommy Ferguson recovered a Rotan fumble on his own 42. A 15 yard penalty set the Pipers back after gaining only two yards in two carries in their first effort with the football. On fourth down a bad snap from center kept the Pipers from getting off their punt and Rotan took over on the Hamlin 25.

Larry Simpson crashed through the Rotan line on third down to throw the Yellowhammers for a five yard loss and kick their first threat.

Hamlin moved the ball out to the Rotan 49 before fumbling with Rotan recovering on their own 40. Eight plays later Rotan hit pay dirt with Lang carrying over right guard for 14 yards. Jimmy Heathington

3 Fumbles Lost	3
Score by Quarters	
Rotan 7 0 6 0 13	Hamlin 0 27 7 7 41

kicked the point after and Rotan was out in front by seven points.

In the next series Hamlin was forced to punt after gaining only six yards and then recovering a Rotan fumble on the Rotan 41 yard line. Rotan drew a five yard penalty and Pearce gained the first down with a six yard carry to the 30. Compton gained five yards and Pearce lost one. Hamlin had 15 yards paced off against them and then Pearce connected with Shivers for a 35 yard pass play to the six. Pearce carried to the one and Overman carried in for the score. Pearce kicked the extra point to tie up the game.

After the kickoff the Piper defense held and Rotan punted out to the Hamlin 40 yard line from where Pearce took the ball and cut the right sideline and then cut back to the middle and went into the end zone standing up. He kicked the extra point to put the Pipers out in front, 14-7.

The Piper defense held again following the kickoff and Rotan quick-kicked on third down with the Pipers taking over on their own 39. Pearce hit Shivers with a pass good for 36 yards to the 25. Compton gained one and Cumble gained 13 yards on a reverse. Pearce went around left end for the 11 yards and the third score. His kick was good for the point after and the Pipers were out in front 21-7.

Rotan fumbled the kick off at their own 15 with Hamlin recovering. Compton carried for eight yards and Pearce for four. Hamlin was set back five yards with a penalty and then pass interference was ruled in

the end zone with the Pipers getting the ball on the one. Overman carried in on the sneak. Pearce's kick was good but the Pipers drew a 15 yard penalty and Pearce tried again but it was too short.

Following the second half kickoff the Pipers failed to make their first down and Compton kicked to the Rotan 32.

Rotan drove to the 17 before their drive stalled. Hamlin fumbled on the first play with Rotan recovering on the 17. On second down Quarterback James Tompkins connected with Lang for a 15 yard pass and the score. The try was no good. Hamlin fumbled the kick off and Rotan recovered on the Hamlin 36. On fourth down and needing only one foot the Piper defense threw Bruce Baugh for 13 yard loss.

Taking over on their own 37, the Pipers started moving with Compton carrying for four and then Pearce connecting with Cumble for 27. Compton carried for five more and Hamlin had a touchdown pass play called back because of off sides. Ferguson passed to Shivers then for 32 yards and the score. Pearce's kick was good and Hamlin lead 34-13.

Rotan moved down to the Hamlin 30 before their drive was stopped. Compton was thrown for a five yard loss and Pearce hit Shivers again for 30 yards to the Rotan 45. Pearce's next pass was incomplete and Ferguson passed to Shivers for five to the 40. Ferguson's next pass fell incomplete and Pearce connected with Shivers on a 40 yard touchdown pass with Shivers all alone at the five yard line and then racing in for the score. Compton kicked the point after to put Hamlin out in front, 41-13.

Rotan put three first downs together before the clock ran out on them.

Mr. and Mrs. Elmer Feagan, Lucy and Jim, visited in Denver, Colo. with his sister Mrs. Olivia Funk. They visited another sister and family. Mr. and Mrs. I. O. Williams in Daltart.

Hamlin, Texas, Thursday, September 10, 1964

ACCENT ON HEALTH—

When should your child have a gun — play football — or drive a car?

The decision, naturally, is up to you, the parent, but the Texas State Department of Health reminds you to bear some important factors in mind.

If your son is eager to have a gun for the coming hunting season, you will want to consider other things as well as age. Since all youngsters vary in maturity, age alone cannot determine a child's readiness to possess a gun. You must judge your youngster's degree of responsibility.

If, around the age of 12, he exhibits responsibility in other areas and has had gun training by an adult, he probably can be trusted with a gun.

The safest gun for a beginner probably is a .22 rimfire singleshot rifle.

But most important, be sure your child is trained in gun safety. Check with your local health department or gun dealer about organized gun instruction clubs.

Football is the roughest and most dangerous of boys' sports, not because of fatalities but because of injuries. Few players die in football — an average of 15 a year — but about one in 12 can expect to be injured. Most injuries are minor, but others cause permanent damage.

Boys want to play, and despite its ruggedness, football under the right conditions can be a safe sport. It's up to parents to see that conditions are right.

Before your boy plays on a team, be sure he passes a thorough physical examination, wears good-fitting and adequate equipment and plays on a rock free field against boys of comparable size.

So your teen ager want to drive a car. You will need to consider first, of course, whether or not he or she is of legal age and possesses a learner's permit or license. But again you must judge his responsibility and obedience.

B&PW Club Holds First Meeting of Year Tuesday

The first meeting of the Business and Professional Women's Club was held Tuesday evening at the high school cafeteria.

Miss Lennie Greenway, president, gave the welcoming address and introduced the following guests: Mmes. R. B. Hemmington, Joe Rimmer and Ross Walker of Breckenridge. New Members introduced were: Mmes. Ray Sonnenburg, B. V. Newberry, E. J. Hawkins, John Ed Day, Ethel Wainscott Allen, Dean Witt, L. R. Fowler, Loyd Burkhardt, Tommy Hunt, Carl Back, and Clarence Hyer.

Mrs. W. B. Writton, immediate past president, gave the response and welcomed the new members.

Mrs. John V. Howard Jr., acting for Mrs. M. T. York, program co-ordinator, distributed the new yearbooks calling attention to the different features.

Mrs. Ned Moore, secretary of

the Hamlin B. C. D. announced that the B. C. D. office would again be used as the hospitality room for the Ex-Students Homecoming to be held Sept. 19. Members of the B & PW Club serve as hostesses during the annual event.

Next meeting will be a business meeting at 7:30 p.m. Sept. 22 in the Harden Memorial Library.

Mrs. George Kinney, owner of the Coin Clean Center here and the Wash Pot in Stamford was one of the 13 winners in a nationwide promotion contest for the most effective coin-op advertising in 1964. The awards were made Aug. 27 during the national convention in New York.

Mr. and Mrs. Joe Kraft and daughter of Plano spent the Labor Day holidays with her parents, Mr. and Mrs. Felton West. Other visitors in the West home Sunday were their son, Tommy West, and daughter, Mrs. J. W. Turner and family.

WHAT'S
BEEN
GOING
DOWN

UP

AND
OUT

FOR YOUR BENEFIT?

DOWN and down the unit price of electricity has dropped over the past years. Today in homes served by WTU, the cost per KWH is 17% less than it was in 1953. While the cost of living continues to rise... the cost of electricity continues to fall.

UP and up has gone the amount of electricity the customer is using. WTU has grown in the past years and will continue to grow... staying ahead of its customer's needs.

OUT in every direction have gone power lines to supply electricity for all. Customers all through West Texas are provided with benefits from the most modern and efficient generating plants.

ELECTRICITY DOES IN ONE DAY what it would take 228 hours to do by hand in the average American home.

West Texas Utilities Company

MRS. DAVID N. CARNE
... formerly Sarah Snapp

Queen Nominees...

The following is a brief biographical sketch of each of the Hamlin Ex-Student Homecoming queen nominees.

Mrs. S. A. Teague

Mrs. S. A. Teague, Ex-Student Queen nominee, is the former Avis Foster, daughter of Mr. and Mrs. J. H. Foster. She was graduated from Hamlin High School in 1939.

A homemaker, she is also office nurse for Dr. E. J. Hawkins. Her husband is employed at White's Auto Store. She is a member of the First Methodist Church.

The Teagues have two daughters, both graduates of Hamlin High School, Mrs. Joe League Jr. and Mrs. Bobby McCurdy of Abilene, and one grandson.

Mrs. Sam Thomas

Mrs. Sam Thomas, Ex-Student Queen nominee, is the former Judy Brandon, daughter of Mr. and Mrs. O. E. Brandon. She was salutatorian of the 1956 graduating class.

She graduated in 1961 from Abilene Christian College receiving a B. A. in English.

She was married in 1962 to Sam Thomas. They live in Abilene where he teaches elementary school at Austin Elementary. She teaches English in Eula High School.

Mrs. Ed Gardner

Mrs. Edward Gardner, Ex-Student Queen nominee, is the former Velta McCormick, daughter of Mrs. R. E. McCormick of Abilene and the late Mr. McCormick. She graduated from Hamlin in 1933.

She married Edward Gardner and they have one daughter, Linda Jan 10. Her husband is a salesman for Carl Murrell Chevrolet.

Her hobbies are yard work and keeping house. She is a member of the First Baptist Church.

Mrs. Harry Dillard

Mrs. Harry Dillard, Ex-Student Queen nominee, is the former Jessie Mae Feagan. She is a 1919 graduate of Hamlin High School.

She married in 1920 and they have two children, Billy Jack of Anson and Betty Jean of Hamlin.

Her hobbies are reading, fishing and gardening. She is a member of the First Methodist Church.

Mrs. Kenneth Riddle

Mrs. Kenneth Riddle, Ex-Student Queen nominee, is the former Jo Hargrove, daughter of Mr. and Mrs. W. C. Hargrove. She graduated from Hamlin High School in 1947. She attended Texas Woman's University in Denton.

She is a charter member of the Business & Professional Women's Club. Public Education Chairman for Jones County Unit of the American Cancer Society and Public Affairs

Chairman for the Hamlin Campfire organization.

Her hobbies include water skiing and collecting unusual bottles and antique keys. She is a member of the First Baptist Church.

Miss Lola Milstead

Miss Lola Milstead, an Ex-Student Queen nominee, is the daughter of Mr. and Mrs. R. L. Milstead. She graduated from Hamlin High School in 1929 and received her B. A. in 1936 and her M. E. in 1938 from Mardin-Simmons University.

She has taught school for twenty-two years beginning her teaching career at Swedonia. Other schools where she taught include West Columbia High, Borden Co. High and Hamlin Jr. High where she began tenth year this fall teaching math. During and after World War II she worked with the U.S.O., camp director at Camp Bowie, Brownwood and Randolph Field, San Antonio and recreation director in veteran's hospitals at Temple and Big Spring.

Her hobbies are sports and she is a active member of the First Baptist Church.

Mrs. Buck Joiner

Mrs. Buck Joiner, Ex-Student Queen nominee, is the former Charlene Durham. She is the daughter Mr. and Mrs. C. W. Durham. She graduated from Hamlin in 1944. She attended Draughon's Business College in Abilene.

She has three children, Charles, Jerry and Susan. The family lives in Odessa where Mr. Joiner is employed at Ace Seat Covers Company.

Her hobby is homemaking.

Mrs. Joe Allen Dean

Mrs. Joe Allen Dean of Iraan, Ex-Student Queen nominee, is the former Allene Reynolds, daughter of Mr. and Mrs. Raleigh Reynolds. She was graduated with honors from Hamlin High School in 1953.

She attended Draughon's Business College in Abilene.

In 1955 she married Joe Allen Dean, a former HHS grid-iron star. They have two children, Carole Lynn, age 7, and Connie Jo, age 4.

She is a homemaker and teaches the five year old beginner's Sunday School Class in the Iraan First Baptist Church. Her husband, is a teacher and assistant coach in the Iraan Public Schools.

Miss Libby Johnson

Miss Libby Johnson, Ex-Student Queen nominee, is a Hamlin graduate of 1959; She was chosen high school Homecoming queen her senior year. A graduate of McMurry College, Abilene, with a B. S. in physical education, she is now teaching in the Stamford Public School System.

She is physical education

Sarah Lee Snapp and David N. Carne Exchange Vows Sunday

Sarah Lee Snapp became the bride of David Nathaniel Carne in double ring ceremonies read in First Baptist Church Chapel Sunday afternoon.

The bride is the daughter of Mrs. E. L. Snapp and the late Mr. Snapp. Parents of the bridegroom are Mrs. John Emerson Crane of Dyersburg, Tenn., and the late Dr. Crane.

The Rev. Byron Bryant, pastor officiated. Carol Joe Simpson was pianist and Mrs. Miks Mosley soloist.

The bride, presented in marriage by Ira Clements, was attired in a princess style gown of white silk organza. Lace panels with seed pearl accents extending down the sides and into the lace chapel train.

A tiara of seed pearls held her fingertip veil of silk illusion. She carried a bouquet of camellias.

Maid of honor was georganna Fitzgerald of Wichita Falls, and matron of honor was Mrs. Bob Spaulding of Abilene. They wore identical orchid dresses with matching wide cummerbunds and flowering bows in back. Their headdresses were of orchid asters, and flowers were nosegays of orchid asters and white camellias.

Serving as best man was Michael R. Jones of Dyersburg, Tenn. Ushers were Johnny L. Snapp, brother of the bride, and Scotty Brown, Edward Neal Scruggs of Guntersville, Ala., and groomsmen.

The bride was graduated

from Hamlin High School and is a senior at Hardin-Simmons University.

The bride groom is a graduate of Dyersburg High School and the University of Tennessee.

The home of Mr. and Mrs. A. A. Wade was the scene of the wedding reception.

The couple will reside at 2201 Cedar, Abilene, where the bridegroom is stationed at Dyess Air Force Base.

The bridegroom's mother was hostess for the rehearsal dinner Friday evening in the dining room of Cliff House in Stamford.

Jones County HD Women Attend Training Meeting

By Mary Y. Newberry
Jones Co. Home Demonstration Agent

A training meeting was held for the Jones County Home Demonstration women that will be attending the THDA meeting in Houston, Sept. 16 and 17. The delegates attending this meeting held in the office of Mrs. B. V. Newberry, Jones County Home Demonstration Agent were Mrs. Karl Bonneau, Jones County THDA chairman, Mrs. H. H. Dunklin, newly elected THDA chairman, Mrs. Elmer Joiner, council chairman, and Mrs. H. A. Haynes, council vice chairman. Mrs. H. H. Windham, past council chairman also attended.

The delegates were elected at the Jones County July council meeting.

Included in the State Convention to be held at the Rice Hotel will be workshop groups on Civil Defense, Citizenship,

Recreation, 4-H Health and Safety, and Family Life; and the THDA 1965 Proposed Program of work will be presented by various committees.

Mrs. Florence Low, Assistant Director for Home Economics, John E. Hutchinson, Director of Texas Agricultural

Extension Service, Mrs. Jean Adams of the Houston Post, and Miss Bonnie Cox, Organizational Specialist will be the speakers

The Jones County delegates will give reports of the meeting to all the Jones County Home Demonstration Clubs.

For a child or an adult to achieve properly and efficiently they must have good vision. Only a vision specialist giving a thorough examination can determine your visual needs. A thorough examination takes time.

THE HAMLIN HERALD
September 10, 1964

Clayton Suggests Early Soil Testing Before Planting

Soil testing should be now in preparation for fall planting, says Jones County Agent, Kirby Clayton.

Early soil sampling is encouraged to avoid the fall rush that crowds the state's three testing laboratories. Samples now being received are mostly from pastures, small grain plots, lawns and flower beds, says Clayton.

A total of 19,047 samples were received at the laboratories from January 1 through June 30 this year, compared with 13,171 samples for the same period last year. The soil testing laboratory at Texas A&M University received 9,349 of these samples compared with 7,248 last year.

As expected, a significant increase in tons of fertilizer applied has accompanied this increase in the number of samples tested, explains Clayton.

For fall sown small grains, Clayton recommends that the complete fertilizer be broadcast and disc under or applied following a chisel. Nitrogen fertilizers may be topdressed on the wheat as late as February with good results. Mixed fertilizers are not recommended for topdressing, says the agent.

New Barley Shows Promise for Area

"Will" barley which was developed by the Oklahoma Agricultural Experiment Station, shows lots of promise in Texas from the Temple area north to the Red River and Panhandle areas, according to information this week from County Agent, Kirby Clayton.

"Will" barley was selected from a cross of Rogers and Kearney and is similar in many ways. The new variety is green bug resistant and more winter hardy than Rogers. It is moderate height, has good straw strength, is resistant to mildew, but susceptible to the rust.

It has produced some outstanding yields in recent Texas tests. "Will" barley is winter hardy and in test at Iowa Park, 99 percent of the stands survived the cold, compared to 29 percent for Cardova. "Will" barley is recommended in areas of Texas where Cardova and Rogers may be lost from winter killing, says Clayton.

Foundation seed are available from College Station and Hereford, Texas to certified small grain seed producers.

Massey's Ship Wins High Rating

Philip W. Massey, seaman, USN, son of Mr. and Mrs. John E. Massey, Jr. of 719 S. Ferguson, is a crewmember of the amphibious assault ship USS Valley Forge which recently was awarded the Battle Efficiency "E" for Pacific Fleet ships of her class.

She gained the award by outscoring other ships of her class in combat readiness tests conducted throughout the year.

Helicopters aboard Valley Forge use a technique known as "vertical envelopment" which is the flying of combat ready marines over and behind enemy lines.

Ronnie and Mitzi Rider, of Stamford have pre-registered at Cisco Junior College, according to an announcement by G. C. Hogue, school president. They are children of Mr. and Mrs. Ralph Rider.

JOE HUDSPETH'S

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — "Interbasin divisions," the process of moving water from where it is to where it is needed, is being talked about more and more in Texas where half of the state's water supply is centered in the eastern one-seventh of the state.

It will be the topic of three speakers at the Association of Western State Engineers in Austin on Sept. 21.

Speakers are Frank Raab of Oklahoma, David Hale of New Mexico and William Warne of California. All three are water officials in states which have turned to interbasin divisions to solve some water problems.

Some moving already has taken place in Texas. In the Trinity watershed, for instance, Dallas is completing a pipeline and treatment plant for moving Sabine River water from Lake Tawakoni to Dallas. Also Houston has signed a contract with the Trinity River Authority to move more Trinity water to Houston.

Interbasin division will become the subject of more conversations for Texans when the U. S. Bureau of Reclamation releases its pending report. It proposes a 400-mile canal to move surplus water from the Sabine and Neches basins, southward to link all major rivers in Texas and meet the needs of the Gulf Coast to a point below Corpus Christi.

Gov. John Connally has asked

ed the Texas Water Commission to speed up water planning to seek alternatives to the Bureau of Reclamation's forthcoming proposal. But the commission is strapped by the bounds of a budget inadequate for such a study, unless the 1965 Legislature increases its funds.

INSURANCE INTEREST CHARGE UPHELD — An effort by the Allstate Insurance Company to knock out the State Board of Insurance order requiring a minimum charge of six per cent interest on insurance premiums paid by installments has failed.

Board said it found nothing in the hearing to change its mind. It reported that abuse of Texas laws, prohibiting inducements to prospective policyholders and prohibiting discrimination between policyholders, were taking place under deferred payment plans.

"Net costs of handling premium payments financed by insurance companies at cut-rate interest, or no interest, will ultimately be paid by all insurers," said Board Chairman Hunter McLean. "Those electing deferred payment plans should bear such costs."

A spokesman for one company charged that criticism of ruling by the National Association of Independent Insurers laid the groundwork for "an attack on the Texas rating system and policy control." N.A.I. claimed the order discriminates against Texas policyholders, and that the board had no authority to adopt it.

OUT OF THE RED — State

government ended its 1963-64 fiscal year on August 31 with a fat general revenue fund balance of \$73,000,000.

It was the brightest year-end figure since 1949.

"It looks better than it has for a long time," beamed State Comptroller Robert S. Calvert. Five years of deficits still are fresh in his memory. One year the State ran \$110,000,000 in the red.

Calvert declined to speculate on the amount of surplus which will be available for legislative appropriation.

Governor Connally predicted earlier that the general revenue surplus may reach \$80,000,000 next year. Despite the abundance of money, the Governor said the Legislature likely will have to pass a new tax bill or amend the existing rates in 1965. This because of demands for more spending in education and other areas.

Calvert noted three factors in the favorable fiscal 1964 close-out: a \$24,000,000 increase this year over 1963 in general sales tax revenues; an \$8,000,000 jump in the auto sales tax; and a \$3,000,000 crude oil tax increase.

Comptroller's report showed state revenue collections during 1964 were more than \$1,600,000,000, compared with \$1,500,000,000 in 1963. Expenditures totaled \$1,500,000,000, compared with \$1,400,000,000 the previous year.

General economic growth of the state; the federal income tax reduction designed to prime spending; and removal of the \$10 clothing exemption from the state sales tax were seen as largely responsible for the bigger yield from that levy.

CABINET MEETINGS RESUMED — Governor Connally has resumed his schedule of unofficial "cabinet" meetings with top state agency heads.

He started the sessions last October, but had to discontinue them when he was wounded by the same assassin who killed President Kennedy.

Last week's meeting was held in the offices of the Texas Education Agency. Emphasized was overall operations and financing of public schools. A general

discussion of agency problems with the governor followed.

These sessions have a twofold purpose: to analyze workings of departments one by one; and to familiarize the governor and other officials with mutual problems.

HIGHWAY HURRY-UPS ASKED — Citizens from San Antonio, Corpus Christi and the counties which connect them asked the State Highway Commission to "hurry up" and schedule work on a proposed Interstate Highway between the two cities so that construction will be completed by 1968.

That is the year when San Antonio will produce the HemisFair; Padre Island National Seashore will be in full-scale operation and Mexico City will host the World Olympics. Nueces County Judge Noah Kennedy Jr. said, "We would just like to be in a position to swap tourists with the city of San Antonio."

"Hurry-up" urgings also were heard from Valley leaders who pleaded with the Highway Commission to hasten construction of the Valley Expressway (US 83) because the current system of routing traffic on access roads is hazardous.

Lower Rio Grande Valley Chamber of Commerce vice president Jack H. Drake of Weslaco told commissioners the Valley death rate has risen 40 per cent this year — compared to a statewide rise of 13 per cent — because of accidents on the access roads adjacent to the expressway route.

Commission immediately authorized construction of a 1.7-mile section of the expressway

within the city limits of Mercedes.

ANTI MOSQUITO CAMPAIGN — Spurred by the spread of encephalitis, state, county and city officials all over Texas are conducting a vast campaign against mosquitoes, according to State Health Commissioner J. E. Peavy.

Although much of the war against the disease carriers is waged constantly in areas which have tax-supported districts to combat disease-bearing insects, extra measures are being taken in many places, including Houston where 75 two-man spraying crews are at work.

Dr. Peavy said that as of September 1, a total of 474 cases of encephalitis and 19 deaths had been reported from Houston; 61 cases and five deaths in the Upper Plains region; and a smattering of suspected infections in other counties.

He said the 1964 epidemic has been worse since 1954, when close to 1,000 cases — most in South Texas — were reported. In a "normal" year, only 50 to 75 cases develop.

Dr. Peavy said he feels that the intensive anti-mosquito campaign, and the advent of cool weather will combine to beat down the disease, which is dwindling somewhat.

SHORT SNORTS

John C. White, Commissioner of Agriculture, advises that Rio Grande cotton farmers will vote September 30 on whether or not to include an escrow program as part of pink bollworm controls during the 1965 season.

OLD GLORY...

By Judy White

In preparing the financial statement for the Old Glory School, the office of the County Superintendent Thelma Smith find their record reflect a gain of approximately \$6,800 in the schools operational funds balance over last years closing balance. About \$3,000 of the increase was brought about by accumulating a surplus from the tax rate increase from \$1.50 to \$2.00 voted last summer. This increase brought in a total of \$11,646 in additional revenue for operational revenue and payment of bonded indebtedness.

\$3,800 of the gain realized came from transfer of funds from the Old Glory Miscella-

neous Fund to the Maintenance Fund. The Miscellaneous Fund is handled by the local superintendent, and the \$3,800 transferred to the Maintenance Fund was the amount of increase in the fund during V. R. Leverett's term at Old Glory School.

Last year the school paid off \$8,000 in bonded indebtedness plus the interest. This was \$500.00 above the years requirements.

The school also added five aid conditioners to the three that had been purchased earlier by the 1964 Senior Class, making a total of eight new air conditioners that have helped to make these first days of school much more pleasant. A new school bus was also purchased and paid for out of transportation funds.

About five hundred people attended the third Old Glory School Homecoming last Sunday. The Homecoming is held every three years on the Sunday before Labor Day for ex-students and teachers of the Old Glory and its consolidated districts.

Officials for the Homecoming this year were C. T. Pierce, president; Ed Letz, vice president; Mrs. Shirley Smith, secretary - treasurer; and Mrs. Hazel Letz, assistant secretary-treasurer. Lunch was served by Lavender's Cafeteria of Abilene.

In the afternoon the group enjoyed a program with C. T. Pierce as master of ceremonies. Others on the program were Larry Quade, a piano solo; Nancy and Marvin Vahlenkamp, a local brother and sister team sang "Rambling Rose". Bryan Houston of Cisco and Sam Houston of Rule provided old-time fiddle and guitar

music and accompanied H. L. Boles on a vocal number.

Rev. Herman Westbrook, a former student of Old Glory School welcomed the group and Allen Davis recognized all graduates of Old Glory School from 1931 through 1964.

Pete Agnew of California was recognized as the student who came the farthest to attend the homecoming; Mrs. Maxine Klump, English teacher has the longest teaching service in the school. She is beginning her twenty-sixth year in the system. Millard Smith was the oldest teacher present and B. R. Johnson was recognized as the oldest ex-student present.

The next Old Glory homecoming is to be held in 1967. Officials elected for that occasion are Howard Tribbey, president; Cecil Klump, vice president; Mrs. Allen Davis, secretary, secretary-treasurer and Mrs. Helen Pierce, assistant

secretary-treasurer.

The Junior and Senior Classes of Old Glory School last week elected officers for the new school year.

Officers in the Senior Class are: president, Stanley Diers; vice president, Linda Newman; secretary, Donna Pierce; treasurer, Merrilyn Flow; and sponsor, Mr. Bill Wright.

Officers in the Junior Class: president, Danny Letz; vice president, Danny Lammert; porter, Rhonda Baitz; and sponsor, Mr. Jerry D. Johnson.

Mrs. O. D. Vanderworth, of Denver, Colorado, is recovering from major surgery. Her friends will be glad to know that she is doing well and is back at home. Mrs. Vanderworth is the former Ruby Letz of Old Glory, daughter of Mr. and Mrs. Charlie Letz.

Auto Inspection Time Here Again

AUSTIN — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced today that the time has arrived for Texas motorists to have their vehicles inspected again.

Garrison said September 1 marked the beginning of the 1965 vehicle inspection period as prescribed by the Public Safety Commission. As in previous years, the period will end on April 15, 1965.

"This means that between now and April 15, 1965, more than 5,200,000 Texas registered vehicles will have to be inspected at the 5,200 official inspection stations in Texas," he said.

Garrison urged motorists to have their vehicles inspected in the routine visits to garages for ordinary maintenance and repairs and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker. He further pointed out that with the ever increasing number of vehicles registered in Texas, it is becoming ever more difficult for the motorists to get an inspection sticker without some delay.

"With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead," Garrison said.

By MRS. ELMER JOINER

This week has been very quiet out our way, no rain, no storms, nothing spectacular has happened, just warm days and pleasant nights. The farmers are all plowing and hoeing and hunting boll pullers, looks strange to see some one plowing cotton and wishing for boll pullers, but the late rains have created an unusual situation, weeds have come up and are growing as if it were spring. The long, hot, dry spell caused the cotton to open, so some of it needs to be pulled right now, but it will be a long time before the last crop opens.

We had several visitors in church Sunday, Rev. J. E. Bagley, Abilene, Mr. and Mrs. Jimmy Holmes and Melody, Big Spring.

Supper guests of the George Wainwrights Friday night were their daughter, Mr. and Mrs. David Hoggens and sons, Abilene, accompanied by their friends Mr. and Mrs. Bailey's, also of Abilene.

Sunday visitors of the Winslow Grays were Mr. and Mrs. Noel Jones, of Abilene. Mr. Jones is a cousin of Mrs. Gray.

Mr. and Mrs. Buck Joiner, Charles, Jerry and Susan, of Odessa, spent the weekend and Labor Day, in Hamlin, visiting her parents, Mr. and Mrs. Charlie Durham and his parents, Mr. and Mrs. Elmer Joiner.

Rev. and Mrs. J. E. Bagley, Abilene, spent Sunday with their granddaughter, Rev. and Mrs. Kenneth Leverett and girls.

The Flavi Holmes had their children home Sunday, Mr. and Mrs. Jimmy Holmes and daughter, now living in Big Spring, where he is teaching, spent

Labor Day holiday with them. Sunday guests were Mr. and Mrs. Jack Wright, Melinda and Keenan.

Last week we were wondering where the Henry's were roaming last Sunday, it seems they had stayed at home and had a lot of company. Mr. and Mrs. W. C. Henry and Jo, from Elgin, met their daughter, Mr. and Mrs. Mack Sansing and little daughters, from Higgins, at his parents for a visit. Also present were Mr. and Mrs. Jimmy Henry and girls, from Midland.

Last Sunday visitors of the Henry's were Mr. and Mrs. Warren Henry, Lubbock, and Mrs. Sue Henry, of Rule.

Jimmy Joiner, Stamford, spent Wednesday and Thursday night with his parents, while working in Hamlin.

This writer has been wishing for a call to serve on the jury, just to see what it is like, well, that wish has been granted for Tuesday at 1:30 p.m. I will have to appear in District Court as a prospective juror, and now it doesn't look so enticing; have even been wondering if women are qualified to serve on the jury.

It seems that the recent rains have caused the black eyed peas that survived the drought to start bearing, and the women are really finding out where the patches are, since peas are the staff of life in West Texas. It looks as if we might have to survive a winter without them, canned or frozen, but there seems to be quite a few now and we ladies are really after them.

Kay McCoy, of Hamlin, will leave next Sunday for Lubbock, where she will be a student in Texas Tech. Makes you wonder if you aren't getting old when you see your grandchildren go off to college, but it really makes you proud of them. Several 1964 Hamlin graduates will be in school there this fall.

The Friendship Home Demonstration club will help set up a booth, at the West Texas Fair in Abilene, for Jones County H. D. clubs. When you visit the Fair we invite you to go see what the H. D. clubs are doing. Mr. and Mrs. D. T. Downey and Glenda, Fort Worth, Mr. and Mrs. J. D. King, Dallas, spent Labor Day holiday with their sister, Mr. and Mrs. Fred Rosenbaum.

Mr. and Mrs. Leo Jones of Abilene are the parents of a baby boy born August 6. He weighed 5 lbs. and was named Willard Doran.

Call your news to the Herald.

No-Frost Freezers Said to Cost Only Penny a Day to Run

It has been a persistent folk myth of recent years that no-frost refrigerator freezers cost a lot to run. This myth has now been laid to rest by an experiment by General Electric.

Two models of refrigerator freezers were tested under identical conditions. There was only one difference. One model had the no-frost system and the other model had to be defrosted manually.

When the results of the test

were in, they showed that the no-frost did cost more to operate — but only less than one cent a day, or .97 of a penny to be exact.

For less than one cent a day you can win freedom from the homemaker's most distasteful and most postponed task—the slopping and mopping of manually defrosting the refrigerator.

Don't, however, get the impression that your new no-frost refrigerator freezer will cost only one cent a day more to operate than the faithful old frost-builder it replaces. Just consider for a moment the profits of your old appliance and

the new one and you will see why. A typical refrigerator now in millions of homes shapes up like this: eight cubic feet... single zone temperature... no true freezer... manual defrosting.

A typical profile of a 1964 no-frost refrigerator freezer might be: 13.7 cubic feet (70 per cent bigger)... two-zone food preservation... zero-degree freezer... and, best of all, no frost ever in the freezer or refrigerator.

Even if your do-more 1964 costs a few pennies extra to operate, it will probably cost less to buy. The average price of refrigerators has gone down \$17 just since 1961.

Add new flavor and interest to cooked green vegetables by trying some of these seasonings: Cook a tablespoon or two of minced onion, green pepper, or parsley with snap beans or summer squash; cook a few mint leaves with peas; put a small pinch of herb or spice in the water when cooking limas; and a little vinegar and sugar heated together to make a good dressing for snap beans or cabbage, with or without a few tablespoons of cream; point up the flavor of green vegetables with meat drippings, butter margarine, or salad oil with lemon juice, horseradish, or garlic; add bits of crispy fried bacon to spinach or other greens.
